

Tilewash Float „Hydro“ 12 mm

NEW !

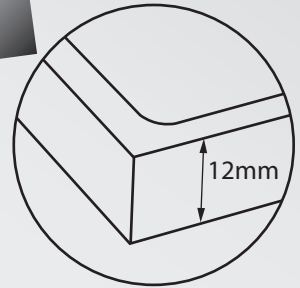

with 12 mm Hydrosponge

Art.-No.: 48142812

**Updated version
„Professional
quality“**

Features

- Premium 12 mm hydro sponge, 140 mm x 280 mm
- Particularly durable pad – significantly more robust than comparable products
- Made from high-quality materials – robust, tear-resistant, durable
- Sponge pad made from hydrophilic polyurethane, a tested and registered trademark
- Particularly absorbent – reticulated – no more washing in necessary
- The thin pad and therefore less water in the sponge reduces the risk of washing out the joint
- Particularly recommended for washing large-format, smooth, rectified tile coverings
- Also ideal for wiping (finishing) ceramic coverings
- Suitable for all rollers
